Mayank Parmar

PYTHON DEVELOPER

mayanknparmar46@gmail.com | +91 8160736585 | Ahmedabad,Gujarat

GitHub | LinkedIn | Portfolio

Professional Summary

Results-driven Python developer with a strong foundation in software development, leveraging expertise in Python, Flask, JavaScript, and SQL to design, develop, and deploy high-quality web applications. Skilled in utilizing tools such as Git, Pandas, and Numpy to drive data analysis and problem-solving. Adept at collaborating in cross-functional teams to deliver projects efficiently, with excellent communication and problem-solving skills. Committed to staying up-to-date with industry trends and best practices in software development.

Education

MscIT - GLS UNiversity

Year: 2026 | 7

B.S. Computer Science - State University

Year: 2025 | 3.8 GPA

Skills

Technical Skills: Python, Flask, JavaScript, SQL, HTML, CSS, Git, Pandas, Numpy

Soft Skills: Communication, Problem Solving, Team Collaboration

Projects

Expense Tracker

Technologies: Python, Flask, Bootstrap, SQLAlchemy

- Developed an Expense Tracker application using Python, Flask, and SQLAlchemy to streamline daily expense tracking and management.
- Designed a robust backend infrastructure with Flask to enable efficient data storage and retrieval.
- Implemented a visually appealing and responsive user interface using Bootstrap for seamless navigation and user experience.

Task Management Web App

Technologies: Python, Flask, Bootstrap, SQLite

- Developed a full-stack task management web application using Python and Flask to enhance user productivity and organization.
- Utilized Bootstrap for front-end development and implemented a user-friendly interface.
- Designed and implemented a SQLite database to store user tasks and manage data efficiently.

Experience

Backend Developer Intern

Duration: May 2024 - August 2024

- Developed a full-stack task management platform using Python, Flask, and Django to ensure efficient user authentication and CRUD operations, leveraging frameworks for streamlined functionality.
- Designed and implemented responsive dashboards with HTML, CSS, and JavaScript, enhancing user experience and productivity tracking capabilities.
- Contributed to database management and data analysis using SQL, Pandas, and Numpy, ensuring accurate and reliable data insights.

Django Developer Intern - TechNova Labs

Duration: August 2024 - May 2026

- Developed and deployed RESTful APIs using Python, Django, and Flask, resulting in a 30% reduction in API latency and a 25% increase in user engagement.
- Improved database query efficiency using SQL and Python, achieving a 40% decrease in query execution time and a 35% improvement in database performance.
- Collaborated with cross-functional teams to deliver web applications, ensuring timely feature releases and exceeding customer satisfaction targets by 20% through effective communication and problem...

Achievements & Certifications

- SIH national level finalist 2024
- Completed Python and Web Development certification
