Manthan Ravindrabhai Makwana

FULL-STACK DEVELOPER , AI-ML

makwanamanthan616@gmail.com | 8238231604 | AHMEDABD

GitHub

Professional Summary

Results-driven Full-Stack Developer with a strong foundation in AI-ML technologies, seeking to leverage expertise in data analysis, software development, and machine learning to drive innovation and growth in a dynamic environment. Proficient in Python, Java, and JavaScript, with a solid grasp of cloud-based platforms, including AWS and Azure. Proven ability to work collaboratively, with a passion for staying up-to-date on emerging technologies and industry trends. Dedicated to delivering high-quality solutions and driving digital transformation through technology.

Education

Mscit(Intergreted) - Lj university (8.89 CGPA) 2027

Skills

Languages: C, C++, Python, PHP, JavaScript, HTML, CSS
Frameworks & Libraries: Laravel, Flask
Databases: SQL, PL-SQL
Core Technologies: Artificial Intelligence (AI), Machine Learning (ML), Full-Stack Web Development, API Integration

Soft Skills: Problem-Solving, Teamwork, Research, Technical Writing, Adaptability, Project Management

Projects

Ai resume analysis (multi agent)

Technologies: python ,AI-ML ,supabase

- Architecture & Development: Engineered a collaborative Multi-Agent AI system using Python and Machine Learning to automate complex workflows and decentralized decision-making processes.
- Core Functionality: Designed autonomous agents capable of independent data analysis, real-time inter-agent communication, and intelligent task delegation to improve system efficiency.
- Integration & Backend: Integrated the AI processing engine with the backend system using Flask/Laravel, creating robust APIs for seamless data flow and front-end interaction.
